Dear Mrs. Gillis,

I just love your hair! It's totally marvellous hair! Thanks for inviting us. I really love the dance, especially the first one. It was really good! Thanks for telling us your age because I thought you were 20 years old! See my aunt is 44 and I thought you look younger than that.

Thanks,
Shaydeen

Dear 's. Gillis,

I like that cool dance that you do. No offence but when you dance like that you look like a rubber band! But it looks really awesome. Plus, I couldn't even understand what you were doing but you really look cool! At least I think you looked cool.

Sincerely,
Michelle

Dear Fine Arts Director,

Thank you for letting I.E.S. see Ms. Gillis. She is a fine modern dancer. My name is Leanna Ribeiro. I am 11 years old. The last time I went to a dancer thing was last October 2000 and it was a ballet, Swan Lake, I thought that that was pretty cool. But this is a whole different thing. I think that Ms. Gillis was a good experience for everybody. So thanks a ton for letting I.E.S. go see this modern dancer.

Sincerely,
Leanna Rose Ribeiro

P.S. Could you send her autograph?

Dear Fine Arts Director,

Thank you for inviting us to the magnificent performance! I enjoyed the movement that Ms. Gills performed. She made the movement look very easy! I wish I could do that!

Sincerely,
Ricky Cedillo
